

Use MyTravelPass for entry, exit travel applications

PUTRAJAYA: Beginning yesterday, applications to enter and exit the country for Malaysians and foreigners, during the Recovery Movement Control Order until Dec 31, can be done via MyTravelPass which can be accessed at the Immigration Department's website. Immigration director-general Datuk Khairul Dzaimie Daud said that the approval process for applications made under MyTravelPass would take about five working days. "If a person needs to enter or leave Malaysia on the 10th day, the MyTravelPass application must be submitted to the department before the fifth day. The application must include the relevant supporting documents," he said in a press conference here yesterday.
